

Hot Air Soldering/Desoldering Station **AXT 500W**

Features:

- High Temperature resistant environmental protection material, frosted non-slip design, stainless steel air outlet
- Metal anti static soldering iron holder
- Soldering Handle for Rapid Heat-up
- Independent working of Soldering iron and hot air gun
- Air Gun Noise reduction System

AXT 500W Technical Specifications

Voltage	AC220±10% 50Hz
Soldering Iron Temp. Range	100-480°C
Soldering Iron Temp. Stability	±1°C
Power	500W
Hot Air Gun Temp. Range	100-480°C
Hot Air Gun Temp. Stability	±2°C
Mode	LCD Display
Temp. Adjustment	Through Digital Buttons
